

# What to Expect When You Start Drinking X<sub>2</sub>O Water?

## WHAT IS LIFEWAVE X<sub>2</sub>O™?

LifeWave X<sub>2</sub>O is the first and only water technology system that infuses water with light - making light available to the body in a completely new way.

## WHAT DOES LIFEWAVE X<sub>2</sub>O DO?

X<sub>2</sub>O is the world's first water system that transforms everyday water into a powerful wellness medium - infused with light energy to optimize hydration at the cellular level - energizing, restoring, and renewing from within.

## HOW DOES LIFEWAVE X<sub>2</sub>O WORK?

The system uses patented light-infusion technology, advanced dual-stage filtration with hydrogen enrichment to deliver clean, energized water that supports the body at the cellular level.

## WHAT MAKES LIFEWAVE X<sub>2</sub>O DIFFERENT FROM OTHER WATER SYSTEMS?

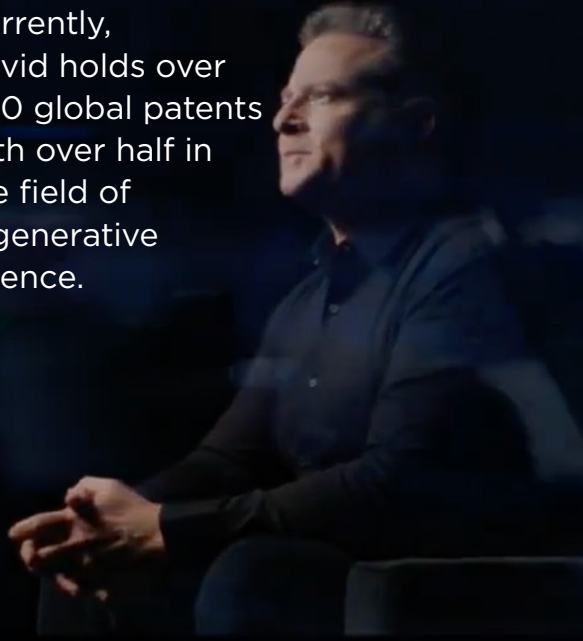

X<sub>2</sub>O is the first system to deliver light into the body through the water you drink. It goes beyond filtration to energize and optimize hydration from within, with some reporting effects occurring within seconds of consumption.

# About Us

## David Schmidt Founder, Inventor, CEO

For more than 20 years, LifeWave's regenerative technologies have helped people feel better, look younger, and live more vibrant lives.

Currently, David holds over 200 global patents with over half in the field of regenerative science.

# X<sub>2</sub>O isn't just filtered water. X<sub>2</sub>O is light-infused water.

## What is LifeWave X<sub>2</sub>O?

LifeWave X<sub>2</sub>O is the world's first and only water technology system to **infuse light into the water you drink**—delivering it to your body in a completely new way.

Clean water alone isn't enough. Most water is filtered, **but not optimized**—safe to drink, yet not designed to support what your cells truly need.

X<sub>2</sub>O goes beyond hydration—combining light, molecular hydrogen, and advanced filtration to support:

- Optimal Hydration at the Cellular Level
- Antioxidant Properties with by Infusing with Hydrogen
- Energy & Metabolic Support
- Reduced Oxidative Stress
- Bioelectrical Activity, Energy Levels & Circulation
- Enhanced Vitality

## What Makes X<sub>2</sub>O Unique?

### Advanced Filtration

Removes heavy metals, microplastics and forever chemicals

### Hydrogen-Enriched Water

improving purity and antioxidant properties and reducing oxidative stress

### Restructured Water

Optimizes the structure of water for superior cellular absorption

### Light-infused Technology

Embeds 6 patented wavelengths of light to enhance vitality

## How to Use X<sub>2</sub>O Light-Infused Water System

1. Fill the reservoir with water
2. Activate the filtration and light-infused process
3. Dispense & Drink X<sub>2</sub>O water and feel the difference

Always dispense X<sub>2</sub>O water into a glass container and drink immediately or within 6 hours for optimum benefits.
